- More -
Where Our Patients Come From
Often times patients are transferred from other hospitals because they require a higher level of specialty care. Of our admissions, 39% come from hospitals outside of our own medical center.

Most Patients Go Home – Not to a Nursing Home
We know that your No. 1 goal is getting back to your life. At the MemorialCare Rehabilitation Institute our therapists, nurses and physicians have that same goal — and will partner with you to achieve it.

In total, 84% of Long Beach Memorial rehabilitation patients are discharged to their home — not a nursing home.

Excellent Patient Experience
93% of Long Beach Memorial patients are happy to recommend the MemorialCare Rehabilitation Institute to their friends and family.

Average Length of Stay (Days/Patient)
Long Beach Memorial averages 0.2 days less on length of stay than the national average.

MemorialCare Rehabilitation Institute at Long Beach Memorial is accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF).
